

## Details Of Course In Nursing Given

Details of the training program for practical nurses which will start next September at TJC were announced Monday by Dr. H. E. Jenkins.

The course will require attendance by the nurse trainees for a period of 12 months. During the first four months of pre-clinical work they will take prescribed nurse training courses in TJC, giving the background and theory for nursing.

During the last eight months they will do actual practice in Mother Frances Hospital, which is cooperating in the program and, when it is completed in the new county hospital, which is expected to cooperate.

An application has been made to the Texas State Board for Vocational Education for state subsidy, which will make it possible to maintain the program in the college with a low tuition rate for the nurse trainees. During the last six months the girls will be paid for services which they render while they are in training.

The program is designed to make it possible for young women who are high school graduates, and older women to take a definite training leading to a good paying profession—that of practical nursing. In addition, the program is designed to make available this type of service for those who have illness which can be served in this manner.

As is required in such a medical training program, an advisory council will have charge of all phases of the program, co-operating in this manner with the college board of trustees. Members of this council who have agreed to serve as a civic contribution are Dr. Ben Wilson, Dr. J. H. Mitchell, Sister M. Humilis, Sister M. Tere-santa, Mrs. Alex Woldert Sr., Mrs. Joe Zeppa, Mrs. Nancy H. Duncan, and Mrs. Sleone Morris.

Robert Boyd of the college faculty will be general director of the program which will be carried out and taught by trained registered nurses.

## Deadline For Dropping Courses Is Extended

The usual limit of the first ten weeks of a semester for dropping courses without receiving an F has been extended an additional week to the end of next week because of many students' absence for the basketball tournament in Hutchinson last week, Mrs. Russel Flaherty, TJC registrar announced Monday.

As is the custom, students who drop a course by the formal method, through the registrar and dean's offices, during this period will not receive an F on their permanent record. However, those who drop later or merely cease attending a class without dropping will receive the F.

—Pow-Wow Staff Photo

Carney Hamilton, a sophomore who plans to graduate from TJC this spring, is shown here looking over the class jewelry on display in the anteroom to the dean and president's office.

—Pow-Wow Staff Photo

Taken during a rehearsal for "The Pirates of Penzance" last week, this picture shows in the left foreground Mr. John Carson, director. Near him Mary Faust (Mabel) is telling the fainthearted sergeant of police (Carney Hamilton) that it is his duty to lead his scared men against the pirates, with Lucie Stanford and Gettie Hunter, who play the part of Edith, backing her up. Members of the Chorus in the background include policemen who are singing, "Ta-Ran-Ta-Ra," to encourage themselves and the girls' chorus also trying to encourage them. Left to right there are (front row) Mary Boles, Patricia Shelton, and Patricia Huskey; (second row) Johnny Sharman, Robert Mings, Marvin Harris, Raymond Ferrell (behind Lucie Stanford), Ray Callicote, Richard Craig, Harlan Hall, Harry Jenkins (behind Mary Boles), Billy Denton, Billy Foster, and Bill Butler.

## Old-Fashioned Get Together, Barn Dance To End Beard-Growing Contest Tomorrow

Tomorrow night at 8:30 there will be an old-fashioned get-together and barn dance in the tepee. This will be the climax of the beard-growing contest, sponsored by the Apache Guards, which has been in progress this month.

## Boys Tell Story Of Kansas Trip

By DOROTHY PINKERTON

From all indications and conversations, the TJC student that had the good fortune of going to the Hutchinson tournament had quite a time. About twelve boys finally went. In one car were Donald Young, Buddy Knight and Norman Reynolds, who related most of this story. Milfred Lewis took Billy Palmer, Charles Sarkis, Jimmy Warren, and Sylvester Matthews. Then last, but by no means least, was the car from Mineola, which contained Bobby Lamanack, Roy Dickerson, Bobby Castle, Tommy Sherrard and Johnny Dowell. The hotels that had the pleasure of housing the Tyler delegation were the Leon, the Reno, and the Stamey. Their hospitality was very nice, especially the girls, but oh, what they had to put up with! For instance, the elevators at the Leon Hotel were quite busy at about four o'clock in the morning. And did you know that the high schools were escorted during their P. E. class by brave Tyler men? (The girls had on blue P. E. outfits which, of course, did not especially impress the boys, though one of them did say that Kansas girls "sure had pretty limbs.")

But O'Neal Weaver really got a rough deal. It seems that when they passed out the awards O'Neal was outside and missed a kiss from two Weber College coeds.

The boys did see some of the games, though. However, they were a little low on funds so they "forged" some player passes. Aren't Tyler people versatile?

Such things could be told for column upon column, but there is not the space. But one little incident that demonstrates safe driving is passing a car on the right-hand side at ninety miles per hour in a twenty-mile zone. If you ever need a Kansas highway sign just see Bobby Castle.

Tyler is not the only city that has a hustlers' corner now. A corner in front of the Stamey Hotel, where the basketball boys stayed, also has such a title. I wonder why?

With football in season, the politicians are overshadowed by a more popular form of wind-bag.

The boys who were in the contest will be judged by a committee composed of three faculty members. The beards will be judged according to the longest, the oddest, and the fuzziest.

The boy with the longest will receive twenty dollars; the oddest, fifteen dollars; and the fuzziest, ten dollars.

The judging committee will be dressed in caps and gowns and will be equipped with measuring sticks. The names of the members of the committee have not been disclosed.

Boys are to come dressed in jeans and girls in gingham dresses.

Three local barbers will be there to shave the boys after the contest has been judged. The Apache Belles will assist the barbers.

A one-hour program, beginning at 9:00, will be broadcast from the dance over KGKB, according to Charles Sarkis, one of the Apache Guards in charge of the dance.

Two orchestras will be at the dance, the college orchestra and Charlie Partney and his boys. Shaky Harrison and his hillbilly band will play at the dance.

Also there will be an exhibition square dance by the Tyler Square Dance Club. Merchants from Tyler will also be there to witness the dance, stated Charles.

The aim of the dance, according to Charles, is to have a good time. He urged all students, couples and stags, to be there for "an old-fashioned get-together."

The tepee will be decorated with hay, wagon wheels, and other things to give it the appearance of a barn.

## Sans Souci Ends Pledging Period

Sans Souci Sorority concluded its pledging activities last Monday night with a formal initiation in the Women's Lounge at TJC. The ceremony initiated fourteen members into the sorority.

At the close of the ceremony, refreshments were served. Dolores McKinney presided at the table, where punch and cake squares were served. The table was centered with an arrangement of bluebonnets and daisies, banked with two yellow candles.

The new members are: Barbara Kidd, Barbara Snyder, Ann Chambliss, Le weeta Morris, Martha Hallman, Dixie McCameron, Jean Heard, Dottie Upton, Rose Marie Saleh, Gay Saums, Eva Nell Sawyer, Betty Dorough, Vida Jo Copeland, and Carolyn Barron.

## Magnolia Trees Added To Campus

Fifty-nine magnolia trees have been added to the TJC campus within the last two weeks. These trees, which are ten years old, were purchased from Mr. V. T. Simmons of Jacksonville. They were transported to Tyler by TJC men.

The trees were properly balled and burlapped with 12 inches of ball per one inch of trunk at ground level. They will grow approximately one foot per year. Mr. Robert Boyd, who is in charge of the trees, predicts that approximately ninety per cent of the trees will survive.

Within the next week or ten days the trees will probably completely defoliate, which will cut down transportation or breathing and give the trees a better chance of survival.

No fertilizer will be placed on the trees now because it would stimulate their growth without giving them time to become climatized. After about two months, more leaves will appear indicating that a lateral penetrating root has replaced the tap root which was severed. Twelve months is necessary for the magnolias to really take hold in their new locations.

One hundred more trees are available for purchase before March of 1951. The additional ones will probably be placed along the walk to the north of the main building. Suggestions have been made that red-ball hollies be placed on the campus also, but they are not included in the landscape plans as yet.

## Potential Graduates Asked To Give Dean Information

All students planning to graduate either from the academic or business school in May are requested by Dean E. M. Potter to go by his office and leave their height, weight, and cap size, the information needed for the caps and gowns.

Samples of the rings and other class jewelry may be seen in the dean's office. He plans to send an order within the next two weeks.

There is a cap and gown fee of \$2.50 and a diploma fee of \$2.50, which should be paid as soon as possible.

## Speech Meet To Be Here Friday

TJC will play host to the District Forensic meet tomorrow. Members of this district are Tyler, Kilgore, and Jacksonville.

Speech events will begin at 8:30 tomorrow morning. Men's Poetry Interpretation, Women's Poetry Interpretation, Men's Oration, Women's Oration, Men's Radio Speech and Women's Radio Speech will be held tomorrow morning.

Men's Extemporaneous Speech, Women's Extemporaneous Speech, Men's Dramatic Interpretation, Women's Dramatic Interpretation, Men's Debate, and Women's Debate will be held in the afternoon.

Tyler's entrants in the meet will be as follows:

Men's Extemporaneous Speech—Jimmy Serur and Paul; Women's Extemporaneous Speech—Benjie Holbrook and Dixie McCameron; Men's Radio Speech—Sam Matthews and Jimmy Warren; Women's Radio Speech—Carolyn Barron and Ann Sisk.

Men's orations—Jack Langdon, whose subject is "Shall We Cry Villian?", and Johnny Perry, whose subject is "Liberty for the First Americans."

Women's oration—Othelia Dorn, whose subject is "The Germ Within You," and Doris Upton, whose subject is "Mercy on Murder."

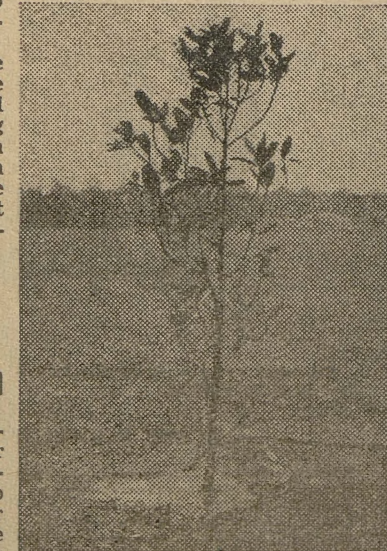

Men's Dramatic Interpretations—Harold Whittaker, who will do Charles Dickens' "Madman," and Boyd Martin, who will do a cutting from "Brothers In Arms" by Merrill Denison; Women's Dramatic Interpretation—Mary Boles, who will do "Columbine" by Colin Campbell Clements, and Nora Korkmas, who will do a cutting from "A Doll House" by Henrik Ibsen.

Men's Poetry Interpretation—Adrien Burnett, reading "Interim" by Edna St. Vincent Milley, and Earl Tunnell, reading "Mount in Whippoorwill" by Stephen Vincent Burnett; Women's Poetry Interpretation—Joy Wells, reading "An Order for a Picture" by Alice Cary, and Barbara Vickery, reading "King Robert of Sicily" by Henry Wadsworth Longfellow.

Men's Debate—Edward Thwaites and Speed McKay, with Moore Brelsford alternate; Women's Debate—Judy Winn and Sybil Autrey.

Miss Mildred Howell is in charge of the meet. Assisting her will be committees composed of Bobby Kennedy, morning timekeeper, and Edward Thwaites, afternoon timekeeper. Morning doorkeepers will be Jimmy Malone and Sybil Autrey. Afternoon doorkeepers will be William Morgan and Barbara Vickery.

The Courtesy Committee will be composed of Carol Inabnet, chairman, Fontaine Zipf, Jimmy Malone, Jimmy Collum, Clovis Kendrick, Patsy Puckett, Vida Jo Copeland, Barbara Kidd, Judy Winn and all contestants. Mrs. J. Byron Saunders, speech instructor, wishes that all students consider themselves on the courtesy committee, in order that the visitors will remember TJC as a friendly college.

—Pow-Wow Staff Photo

The first tree to be planted on the TJC campus is pictured above. One of the ten-year-old magnolias planted last week along the driveways, it is the second one south from the building on the east side of the west driveway.

By BETTY WILLIAMSON

**CONGRATULATIONS**—First off, we want to congratulate our basketball team. Boys, we are really proud of the showing you put on in Kansas. Maybe you didn't win first place this year, but after all, we can't always be the winner. Anyhow, you have all done a swell job of putting Tyler on the map. We're proud of you.

**AFTER-EFFECTS**—Boy, Billy Palmer must have really had a gay time in Kansas. It is a fact, that he hasn't quit talking for a minute about the trip since he came back. That's okay, Billy, we understand. We were up there last year, and haven't quit talking about it yet, either.

**SICK WARD**—Here's hoping that ROSE ANN ELLIS, FRANCES JENKINS and RALPH KARNES are all feeling better by now. Rose Ann has been in the hospital here, and Frances and Ralph are in Dallas hospitals. Here's hoping we see you back in school soon.

**MAYBE SHE'LL LEARN**—Seems that these new cars are getting DELORES MCKINNEY all confused. The other day she was getting something to drink when Charles Bowker drove up in his new Oldsmobile. Dolores was giving it the once over, when all of a sudden she asked, "Charles, is that your radio aerial on the ground?" But, of course, it wasn't. It was simply the curb scrappers. Oh, well, Dolores, I've heard the best way to learn things, is by asking questions.

**A GOOD TRY**—The other day, JANE WILLIAMSON went home all ready to make a skirt. She bought the material and got everything all ready. But it seems, something happened. Jane's mother came in and also got interested in making the skirt. It so happened that Mrs. Williamson made the skirt while Jane sat by and watched. Oh well, it's pretty any how, Jane.

**IT CAN'T GO ON FOREVER**—The tepee was the scene of much confusion the other day. It seems that SAMMY SHARP and JOYCE HOUSE were in a very exciting game of Canasta. The stack had nearly all the cards in it, and the tension was great. There was so much "ohing and ahing" that soon almost everyone in the whole room was around the table. But as all good things must come to an end, the fatal step was taken and Sammy got the stack. Oh, well, it was just a game.

**NOT A SALE**—No, the girls in TJC haven't been to the sales. It's just that a certain store in town got in cute new blouse and all the girls just had to have one. In case, you don't recall them, they are so-called "Devil Blouses" that you have seen JOYCE MADDOX, PATSY BRYAN, JOAN WASHMAN and SARA BRIDGES wearing. They are really cute blouses, girls.

**ONLY ONE MORE DAY**—Well, the end of the beard growing contest is soon to be here. In fact, it ends tomorrow. It sure will seem funny to see CHARLES BOWLIN, BUD SAVAGE and CHARLES MCGINTY and all the rest with clean-shaven faces. But after all, it can't go on forever.

**EARL**—Has anyone seen EARL? What? You don't mean you haven't seen Earl? Well, have you heard about EARL? Who's EARL? you ask. Well, who is EARL? (This could go on all night) EARL is a newcomer to TJC and he doesn't have a last name; as a matter of fact EARL doesn't have anything but bones. We have to take that back; he has another name, Saspirilla. In case you're still in the dark, this EARL (or Saspirilla) is a skeleton which has been given to TJC to use in a proposed nurses training course beginning next fall.

**TENNIS**—Well, kid's, it's time to drag out those tennis shoes and rackets for the new tennis courts will be ready to use sometime next week. This will probably prove to be a very popular place on the TJC campus until school's out.

Published every week by the Pow-Wow staff and distributed free to every student.

## For A Prettier Campus

Last week the committee on beautifying the college campus began to put its final plan into effect by setting out trees along the two drives leading to the front of the administration building.

For the two years of TJC's existence on the new location, students have remarked about the bareness of the campus grounds. Gradually steps have been made to beautify the campus. Grass has been planted, the driveway paved, and now the trees have been planted.

The trees are young and delicate and can easily be destroyed. Students are asked not to park their cars on the driveway. Last week several cars were parked on the driveway at the west end while the trees were being planted. Even after the trees were put out, some students still parked their cars there.

Parking cars on the driveway not only mars the beauty of the tree-lined driveways but also keeps the young trees from having the proper sunshine and care they need for development.

There is plenty of parking space in the two large lots at the east and west ends of the campus. By using these parking lots instead of the driveways, students can help make the campus more beautiful.

We should make our school a more beautiful place by parking in the parking lots instead of the driveways. By desiring prettier campus grounds and by helping out in this way, we exhibit another phase of school spirit.

## Teacher's Philosophy -

By BONNIE GREENWOOD

MR. EDWIN FOWLER, teacher of psychology and assistant director of activities, received his B. A. degree at Baylor University where he majored in psychology and minored in German. Working his way through college, Mr. Fowler was a member of a Waco orchestra that went on tours each night. He was also the director of the "Baylorettes."

To live each day to its fullest extent but yet maintain a wholesome and ethical moral life is the main purpose in life, according to Mr. Fowler's philosophy. By a person's ability to adjust himself to reality he will live a life that is worthwhile and enjoyable.

To Mr. Fowler philosophy is "what a person thinks of anything and the values of that anything." He believes all people should be concerned with their fellow men and always willing to extend a helping hand. Above all a person should have a goal for which he will diligently work.

As a psychology teacher, Mr. Fowler deems it is one of the greatest fields because it endeavors to help one's fellow man lead a full, worthwhile life. The personal satisfaction is reward enough after one has seen a job well done.

By HELLEN RICE

If you've been keeping up with the candidates for the coming election in July, you have probably noticed PAUL HILL, who has announced his candidacy for Representative for this District.

Paul is from Bullard where he was born and attended school. He is married and has a son two years old. When the war began Paul joined the Air Force. After serving as a pilot for eight years, he was discharged for physical reasons at Walter Reed General Hospital in Washington, D. C. as a major.

Paul states that probably his most embarrassing moment in his life came when he handed his commanding officer his parachute for a flight and a big fat mouse jumped out! From then on he personally inspected the parachutes.

Prior to the war he attended TJC for one year and played basketball for a scholarship, but due to injuries incurred in the war, he is now unable to take an active part in sports, which he thoroughly enjoys. He has also attended Johns Hopkins, Baltimore Maryland, and Taft Junior College, Taft, California for summer semesters.

He plans to enter Texas University in September where he will major in law. Government is his favorite subject here in TJC, which he considers as the best known and most outstanding college in the entire nation.

As to the future election he hopes that with the efforts and supports of his many friends here in Tyler he will be nominated in the first primary. (This is free of charge!)

## Chatter From Other Colleges - - -

By W. B. WALLACE JR.

## THE TRINITONIAN

Tommy Hancock was named on Dub King's, A&M publicity director, number one team in the southwest which was composed of mostly senior college cagers.

## THE FIRE

Peggy Prewitt, ex-Apache, was the only new traitor among the mid-term transfers to Kilgore College.

Our arch grid rivals have imported some pin point passing talent in the form of Jim Shelton, a transfer from Vanderbilt, who hopes to deal the Apaches no end of misery next year.

Spring training indicates that like all former Kilgore powerhouses, next year's grid team will be no exception to this rule.

Clara Nell Wheelis, ex-Apache from New London, who is now a sophomore at the Kilgore institution was wed to Noel Culver of the oil city, March 10. Mrs. Culver was a member of the Sans Souci Sorority and Apache Belles while at TJC and is a member of the Sans Souci and Rangerettes at the Kilgore school. Mr. Culver attends the same school and is manager for the Rangerettes.

## THE HENDERSON ORACLE

Rabbi Harvey E. Wessels of Tyler gave a talk on "The Jew in America" in the Henderson auditorium, March 23.

## THE MOUNTAINEER

The Schreiner Institute Chapter of Phi Theta Kappa four delegates to accompany chapter president Roy Lee Bell to the National Convention to be held here the last of April.

They are James Hilliard, Sam Junkin, Tom Hayes, of Kerrville and Sam Lanham of Hondo.

## THE TARTAR SHIELD

The Tartar Shield, organ of Compton College, received Medalist rating in junior college competition from the Columbia Scholastic Press Association. This is the second consecutive year that the Compton paper has received such awards.

The spring sports program at Compton takes in track, baseball, swimming, tennis, and other events. The Pacific Coast Olympic expects to produce first division teams in every sports.

## Music Courses To Be Increased

By BONNIE GREENWOOD

Beginning with the fall term, the TJC music department will offer full college credit for work in instrumental and vocal music, according to Mr. John Carson. These credits may be transferred to senior colleges as electives for Bachelor of Arts degrees or as required courses for music degrees.

Mr. John Carson, director of the chorus and music theory class, will be the voice instructor. He has attended many schools of music and has coached a grand opera under Silvis Insana of the Chicago Opera and the Chicago Musical College.

Mrs. Jessie Truelove, formerly a faculty member of the schools of music at North Texas State College and Texas Christian University, has been added to the faculty as instructor of several new music courses.

### CHORUS GIVES 3 PROGRAMS

This season the TJC chorus has soared to new heights not only by its concert with the Apache Band and its plans for the opener, but also by its appearance on three high school assembly programs.

The first program was presented at Van High School where the chorus sang several of the concert numbers. The girls' trio sang "You'll Never Walk Alone," and the quartet sang "Ain't It a Shame." After the performance the group was surprised with an informal coke party.

### TOUR TO LINDALE, MINEOLA

The second tour was made Tuesday, March 21, to the high schools of Mineola and Lindale. Leaving TJC at 9:25, the group was gone all day in order to be in Mineola at 10:29 and in Lindale at 2:30. Many of the choral members took their lunches and drank malts at a drive-in in Mineola for lunch.

The program began with "In These Delightful Pleasant Groves" by Purcell and "Cherubim Song (No. 7)" by Bartansky. Contrasting with the first, two numbers, Wihtol's "Trada Nuka" and "Stoccatto Etude," created a light and cheerful atmosphere.

The Negro spiritual, "Soon Ah Will Be Done" by Dawson was followed by the cowboy numbers "Cool Water," by Nolan and "Riders of the Sky," by Stan Jones. The state song, "Oklahoma," from Rodgers "Carousel" ended the program with the exception of a little round call "Hi! Ho! Anybody Home?" that was used as an encore.

### HILLBILLY NUMBERS

Probably one of the favorite parts in the program was the guitar numbers by Pat Bogan and Doug Harrison. Dressed appropriately for their performance, the "Mountain Boys" sang and played "Poor Old Country Boy," and "My Bucket's Got a Hole In It," and "That Good Ole Mountain Dew."

The male quartet sang "Stout Hearted Men." The girls' trio carrying toy pistols and dressed in western outfits, sang Gershwin's "Bidin' My Time."

## TJC Has Excellent Cabinet-Making Division According To Cornell University Standards

By DOROTHY PINKERTON

According to a member of the Cornell University faculty, Tyler Junior College has one of the best shops in the entire Southwest, barring no senior college. The equipment in the cabinet-making shop is worth about seventy thousand dollars.

## Friendship Tours To Be Made By College Students In June

This summer four friendship trips will be made to foreign countries by college students in the United States. They are offered by the Friendship Trips organization with headquarters in New York City.

According to the bulletin received last week, the trips are made to stress the following theory of Robert Lewis Stevenson: "We are all travelers in what John Bunyan calls the wilderness of the world; and the best that we find in our travels is an honest friend. He is a fortunate voyager who finds many. They are the end and the reward of life."

The tours give an un-hurried all summer holiday in Europe. Sailing on the SS Conte Biancamano, the students leave on June 27 and arrive back in New York September 25.

### RECREATION ON BOARD

For entertainment during the ten days on ship there are recreational facilities on board. Folk songs and dances as well as modern dances, games, and special features of movie and music fill in as many hours as each passenger desires.

There will be an information booth on board with representatives from whatever country one desires to visit who will help students to see and do all they desire for a summer abroad.

There are three Friendship Trips in units of three weeks each that have been scheduled so that one may spend all summer or only a part on the tours.

The trips are dated for early, mid and late summer.

### FIRST TRIP

The early trip covers Australia with its Tyrol, and Italy, unique treasury of art and history, and includes Brunelleschi's dome in Florence, the blue grotto of Capri, Venuvius with its smoking peak, and the canals of Venice.

The Passion Play of Oberammergau; the Bavarian Alps; Castles of the Rhine; and the enchantment of Luxembourg

mark the German-Luxembourg trip of mid-summer.

### LATE SUMMER TRIP

Both France and Switzerland are introduced in the later summer Friendship Trips. France is known as the treasury of the arts in cathedrals, fine arts, history, and styles as seen in Paris' Notre Dame, Saint Chapelle, Arc de Triomphe, Eiffel Tower, and the thrilling post-war developments of the French Salons.

Switzerland has long been known as the world's playground and the climax of nature beauty, with its dramatic mountains, waterfalls, glaciers, and lakes. Its warm hearted, hospitable people, the enchanting wood carvings, and other peasant arts add to its color and attractiveness.

As in the automotive division, there are two sections of twenty men; one section meets from 7:00 p.m. until noon, and the other class meets from 5:00 until 10:00 p.m. Each five-hour session includes one hour of theory and four hours of practicing.

At the present time the types of wood used in the shop are pecan, magnolia, and mahogany imported from the Philippine Islands. Some of the twenty-projects they build are lamp tables, what-not cabinets, book cases, desks, chairs, tables, vanity stools, beds, picture frames, serving trays, dressers, and magazine racks. If the men pay for the materials before they begin the projects, the finished products become their property. If they do not want the furniture, it is usually dismantled and used again.

The head of this department is Mr. L. L. Nixon, who has had twenty years of experience as a cabinet maker. At night he is assisted by Mr. George Edgel, TJC student.

## Sheriff Solves Skeleton Search

The appeal of Dr. H. E. Jenkins in Sunday's edition of the Tyler newspaper for a skeleton to be used in practical nursing courses was answered by Sheriff Frank Brunt of Cherokee County, who offered one soon after reading Dr. Jenkin's appeal.

The one which was given was found near Lovers' Lookout, about five miles from Jacksonville, some time ago. It was sent to the State Department of Public Safety, and has never been definitely identified.

The skeleton was added to the collection of material, to be used in September in a course offered for potential and practicing practical nursing. According to Dr. Jenkins, it will probably do double duty when proposed courses for future registered nurses are offered.

Registered nursing courses, as well as others designed to meet requirements for laboratory technicians are being planned.

The course to be offered in September will meet requirements of the National Practical Nurses Training Association. Already on hand for the course, besides the skeleton, are hospital beds, manikins, laboratory apparatus, and other hospital equipment.

## Lindale, Jacksonville Triumph In Tuesday's Intramural Games

Pairings for the intramural basketball tournament were made the first of the week and teams began playing Tuesday afternoon.

The first tilt saw a game with the Lindale five scalping the Beeps 43-29. Sparking the Lindale team was high point scorer Johnnie Dowell with 17 points. Second-seed honors went to Harlan Hall with 10 while James Hilburn and Jerry Waldrep tied for third with 9 each.

The Lindale five drove ahead early in the first half and held a 17-7 lead at halftime. In the second half the Beeps put on a scoring spree that would have put them in the lead had it been continued.

The individual scores are as follows:

BEEPS (29)				
Players	FG	FT	PF	TP
Hilburn	4	1	3	9
Ricks	2	1	0	5
Rawlins	2	0	0	4
Wilderson	0	2	2	2
Waldrep	4	1	1	9
<b>TOTAL</b>	<b>12</b>	<b>5</b>	<b>6</b>	<b>29</b>

LINDALE (23)				
Players	FG	FT	PF	TP
Hall	4	2	2	10
Mallory	3	0	2	6
Snyder	4	0	0	8
Lewis	1	0	2	2
Dowell	7	3	3	17
<b>TOTAL</b>	<b>19</b>	<b>5</b>	<b>9</b>	<b>43</b>

In the second match, the Canton and Jacksonville teams fought a royal battle before Canton was downed 39-31. The lead

see-sawed throughout the first half and at halftime the teams were tied 22-22. The Jacksonville team, led by C. A. Barnes, maintained the lead throughout the second period and surged ahead to an eight point lead before the final whistle blew. Cox and Barnes tied for high point honors with 14 each while Mitchell and Cheek trailed with 11 and 9, respectively.

Both teams played fast and furiously, and aggressiveness was noted by the 24 fouls called.

JACKSONVILLE (39)				
Players	FG	FT	PF	TP

## New Region 14 Formed Friday

Coach Floyd Wagstaff has been named vice-president of a new region, Region 14, which was formed during a regular business meeting of the National Junior College Athletic Association in Hutchinson last Friday.

The new region is composed of all junior colleges located in the eastern section of Texas bounded by a diagonal line from Texarkana to Del Rio.

At the same time it was noted by the Association to hold the regional playoffs of the NJCAA in Tyler. This new set-up eliminates the travel burdens on Texas colleges who were forced to travel as far as Lake Charles, Louisiana, to compete in the Region Seven play-offs.

Hillsboro JC, Wharton JC, Lone Morris JC, Henderson County JC, Panola JC, Allen Academy, Schreiner and Kilgore College, as well as many other of the top junior colleges of the state will be entered in the region play-offs.

## Tennis Courts To Be Ready April 15

Although it was previously announced that the tennis courts would be ready around the first of next month, they will not be ready before April 15, according to Mr. Robert Boyd.

The four double courts have been constructed according to the national regulations. The base is clay and gravel while the next two inches are clay. This layer will be put on next week and will be watered and packed. After this is done a ½-inch topping will be put on clay and lime.

After this the lines will be marked on the courts and nets and screens will be put up and the courts will be ready for use.

The most disillusioned girls are those who married because they were tired of working.

One of the first things, a smart little girl learns in school is to have her books carried.

## Apaches Win 4th Place In Nation; Weaver Chosen As All-American

The TJC Apaches brought home with them this past week-end a trophy proclaiming them as fourth place winners in the National Tournament played last week in Hutchinson, Kansas. The Apaches have ended play for the 1949-50 season with one of the best, if not the best, record in the nation. They have lost only four of their forty-two tilts and three of these were in tournaments. They hold the championship title of the Southwestern Junior College Conference also.

In the national tournament they swept past their first round foes, the Virginia Minnesotans, for an 82-54 victory.

In a second round tilt, however, the Apaches had a more difficult time and were eliminated from any chance of winning for the second time the national crown after an 84-79 defeat from the Northeast Mississippi Junior College.

Gene Garrett, the leading scorer with 30 points, was the Tigers' outstanding player and forward, and he led the attack which defeated the Apaches. The tilt was one of the highlights of the tournament with both teams playing a hard and aggressive ball game with a total of 49 fouls being made and five men fouling out.

Two major players were lost in the first five minutes of the second half. Royce Ray was the first of the Tyler men to foul out and he was followed by O'Neal Weaver. Ramon Orona also left the game when there were only a few minutes left to play.

With 15 minutes remaining in the first half Tyler led 16-13, but Garrett and Johnson closed the gap to 17-17 in two minutes. Next came the Apaches' turn with a field goal by Hancock but the lead was short lived. Robins brought Mississippi back with two field goals. Champion and Weaver then connected to forge the Redskins ahead 25-23. The lead changed hands several times before the half ended with Northeast ahead 42-38.

To make up for the loss of their forward and pivot man, a new spark came from the Apaches with Ramon Orona and Kenneth Pemberton sinking goals in an effort to close the gap.

At times there was as great a difference as ten points between the scores but the final score read 84-79.

The following night the Apaches met San Francisco City College and defeated them 66-61. In this game the Apaches lost no time in taking the lead, but the Californians braced and soon were even with the Apaches. In the last period of play the score was tied three times and in the last five minutes the Apaches took the final lead when Tommy Hancock drove in for a crisp shot to break the 56-56 tie.

For the Apaches it was lanky O'Neal Weaver who hooked and tipped in seven field goals and added eight points from the free throw line for 22 points. Hancock scored 15 and Royce Ray 13.

The Tylerites then drew a long rest before playing the Olympic College five from Bremerton, Washington. The Apaches had previously won two games from them and this 65-58 victory gave them a third triumph.

It was speedy little Jimmy Browning who led the Apaches by hitting the net for 18 points. Tommy Hancock was handicapped by two swollen ankles but he racked up 14 to follow Jimmy.

The Rangers took a nine-point lead after six minutes of play but the Apaches overcame them and once in command, never fell behind.

They put the contest on ice with three minutes remaining to play and Hancock's free throw in the last 15 seconds ended the scoring.

Following the contest the members of the two teams favored the 3400 fans in Convention Hall with gifts from their cities. Bremerton players tossed Washington apples

to the crowd and later the Apache players passed among the fans with bunches of Tyler roses which were given to the ladies. While the Tyler roses brought ohs and ahs from the feminine fans the tournament band played "The Eyes of Texas" and hundreds of people gathered around to congratulate the Apache performers.

O'Neal Weaver, Tyler's great center, was named to the all tournament team selected by coaches and tournament officials and Tommy Hancock was given honorable mention.

Now that the season is over several players have finished their basketball careers with TJC, but they and the marvelous record they left behind them will never be forgotten by the Tyler fans who love basketball and the sportsman-ship team that the Tyler Junior College has had this year.

## BSU Officers To Be Elected Today

Today at 11:15 there will be general Baptist Student Union meeting in the Bible building across the street for the purpose of electing BSU officers for next fall. All students are invited to come.

Bobbie Jean Clark, pianist, will bring the special music, and Helen Rice, first vice-president, will be the main speaker.

Tuesday the nominating committee met and will submit the following list of nominees for the offices:

President: Pat Lundy  
First Vice-President: Jimmy Warren  
Second Vice-President: Sylvia Davis  
Third Vice-President: Joy Wells  
Secretary: Peggy Epperson  
Treasurer: Fred Frick  
Publicity Director: Mona Jo Phillips

These officers will be voted upon at this morning's meeting. Other names may be submitted by the members if they desire.

## Phi Theta Kappas Plan Supper Sat.

Phi Theta Kappa will have a picnic supper and meeting Saturday night at Miss Mildred Howell's home, 505 Charnwood, for the purpose of working on the national convention, which will be held at TJC April 21-22. All members and pledges are urged to attend. Miss Howell is chapter sponsor.

At the meeting Tuesday the members decided to have the formal initiation Monday night, April 3, in the chapel of the First Christian Church. Norman Reynolds, president, Judy Winn, secretary, and Bobbie Jean Clark, vice-president, will officiate at the ceremony.

Norman Reynolds was elected as official representative to the business meetings of the convention.
